Richard,

I've just been through the whole NDP with my causeway and vs hats. I thought it was well balanced and gave weight to issues in all parts of the village, covering and both business and private communities. I couldn't see any obvious gaps or topics which hadn't been given sufficient consideration. It was also readable - which considering its length and range of subject must have been a challenge in itself.

We've submitted our household comments this week.

It must have taken an enormous amount of effort to produce. I hope you get a good response,

Best wishes, Gaby

As you are consultee, we are keen to make you aware of the Plan so that you have the opportunity to make any representations that you may consider appropriate.

Also attached is the Draft Summary of the Plan, along with the Questionnaire document.
